

Date :- 04 December, 2023

To,

**M/S Transport Corporation Of India Limited
Initiative for Safe Driving & Safe Working**

Letter Of Appreciation

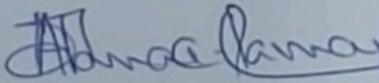

Thank You so much for having conducted an outstanding programme on "Safe Safer" by your TCI team members on 04th December, 2023 for the Staff and drivers associated with our inbound, outbound and employee transportation operations.

Nukkad Natak was curated so well that it was successful in spreading awareness about the Safety, Hygiene & Traffic rules to the audience in a very effective manner. I sincerely believe that this will help the company staff and drivers care more about their safety and will also be helpful in increasing the consciousness to reduce the accidents through safe driving practices. It was also good to have skits being performed to stop usage of single use plastics which is in alignment with our organization's goal too.

I sincerely thank you and your team members for the engagement done in our factory and looking forward to many such interventions towards a safe and sustainable logistics ecosystem. I would also really appreciate TCI Logistics for tacking us such initiatives across the country.

Thank you,

For Suguna Foods Pvt. Ltd.
